About me

Computer Science graduate with expertise in **Salesforce Administration**, **C++**, **Java**, **Python**, and **advanced front-end technologies** (HTML, CSS, JavaScript). Skilled in **Apex scripting**, **OOP**, and **adaptive web design**, having solved **350+ challenges** on **LeetCode**.

Experienced in developing **dynamic web applications** like **e-commerce platforms** and **data-driven solutions**, improving performance by **40%**. Proven ability in **UI/UX development**, enhancing user engagement by **25%**.

Strong leadership in **team development**, with a focus on **workflow automation**, **data modeling**, and **API integrations**. Delivered **scalable solutions** using **Lightning Web Components (LWC)** and **agile SDLC** practices in **5+ projects**.

Education

Aditya college of engineering and technology 2022 – 2026
Computer science and engineering
◦ GPA: 7.8 [🔗](#)
Aditya Junior college 2020 – 2022
MPC
◦ **Percentage:** 81

Skills

Languages: C++, C, Java, Python., HTML, CSS, Javascript, SQL, Apex , SQL.

Tools : Vs code, sublime Text Editor, Notepad++, powerpoint.

Technologies: Salesforce, front-end.

Solved Problems: Solved 300+ problems on **LeetCode** and 150+ problems on **GeeksforGeeks (GFG)**

Projects

Portfolio Using LWC [🔗](#)

- Developed a dynamic portfolio application using **Salesforce LWC**, incorporating **HTML**, **CSS**, **JavaScript**, and Salesforce admin features.
- Enabled **automatic portfolio generation** based on user inputs, reducing manual work by 80%.
- Delivered a responsive, interactive interface showcasing user details, projects, and achievements.
- Completed with **75+ hours of effort**, optimizing performance and adhering to industry standards.

Smart Energy Building Management System

- The Smart Energy Building Management System (SEBMS) monitors and manages energy consumption across **10+ buildings**, ensuring optimal energy usage.
- Leveraging Salesforce, the system **automates 100% of billing notifications**, reduces manual effort by **30%**, and generates detailed reports, enhancing energy management efficiency by **25%**.

SSR-Bazaar

- Designed and developed a **static website for SSR Bazaar**, an e-commerce platform specializing in electronics and groceries, providing a **visually appealing and responsive layout** to showcase products effectively.
- Implemented features like **product categories** and **real-time content updates** to create a streamlined and user-centric browsing experience.
- Utilized **HTML**, **CSS**, and **JavaScript** to build a fully responsive site compatible with **90%+ devices**, ensuring a consistent user experience across platforms.

Elements Table

- Created an **educational webpage** on chemical elements, offering **detailed information** and **interactive visuals** for enhanced learning.
- Built with **HTML and CSS**, ensuring a **responsive and engaging user experience**.

Experience

C Intern

Technical Hub

- Guided **200+ students** in mastering the **C programming language** through **15+ practice sessions** and clear explanations.
- Achieved a **40% enhancement in problem-solving skills** and a **20% increase in overall class performance metrics**, driving **significant academic progress** and **higher student engagement** through targeted learning strategies and hands-on support.

Salesforce Admin Intern

Technical Hub

- **Prepared over 10 project presentations** and comprehensive reports, effectively supporting senior staff in **making data-driven decisions** and enhancing project planning efficiency.
- **Streamlined task management**, successfully handling **5+ concurrent projects** and ensuring on-time delivery by meeting **100% of deadlines**.
- Gained hands-on experience in Salesforce administration by assisting in process automation, resulting in a **30% reduction in manual efforts** and improving data accuracy for management tasks.

Web Development Intern

Codesoft

- Designed and developed a **visually impactful static website** focused on NASA, providing **interactive educational content** on satellites and successfully raising awareness of **5+ major NASA launches**. Enhanced engagement through **dynamic visuals** and **informative design**, contributing to a **20% increase in user understanding** of space exploration.
- Utilized **HTML, CSS, and JavaScript** to create a **responsive interface**, ensuring accessibility across **90%+ of devices**.
- Enhanced appeal and functionality by integrating **10+ interactive elements** and **curating over 20 informative articles**, improving user engagement by **30%**.

Certifications

- Information Technology Specialist Certification in Java [🔗](#)
- Information Technology Specialist Certification in Python [🔗](#)
- Certificate of Accomplishment for Python [🔗](#)
- Certificate of Accomplishment for SQL [🔗](#)
- CCNA: Introduction to Networks [🔗](#)
